Dear Sir.

I have a collection  
of coins, and have what  
I have been told by  
other collectors, is an 1883  
Proof 5 cent Nickel it  
has all the Marks of the  
regular Liberty 5¢ pieces  
Except the back, the (Cents)  
is omitted and the inscription  
(E. Pluribus. Unum) is below  
the (V) instead of above  
Is this considered a rare  
coin as to Value.

Yours

A. R. Helms.
